## TESTIMONIALS

"Very dependable person that cares about quality of work at a very fair price. Could not be happier with the work done to my house. I will refer Mark to all all my friends needing painting done."  
-Mark Stucko

"I had a 1970ish condo completely rehabbed by Mark. It was all done in a "hard rules and regulation" building by Mark while I was away out of town. He was a great communicator and took care of everything. He made it easy and the final product was great. I give my highest recommendation to Mark and his company, "Final Touch Painting".  
-Jeff S.
